NAS Web-based Training Review

TOL Training and Implementation

December 3, 2003

Welcome

- TOL is providing the NAS Web-based training prior to your registration on TRICARE Online. This allows you more time to familiarize yourself with the NAS application and prepare to implement it at your facility.

- You will be notified when the system is available for you to register and begin using the NAS application. Once you register on TRICARE Online, the Web-based training along with the test will be assigned to you. You can review the courseware again prior to taking the test.

- The following slides provide instructions for accessing the Web – based training prior to registering on TOL.
